

To Our Valued Customer

Everyone at **Plant Retrievers Wholesale Nursery** would like to thank you for your business and support since the opening of our yard in Georgetown, Delaware. We are excited to start the "new year" offering a variety of new services as well as an extended product mix even larger than last year. We have maintained our vision and business plan throughout the year and will continue to offer a wide selection of landscaping materials and services year round.

As a Wholesale Nursery for the Professional we hope our services have saved you time and effort that comes with locating plant material. Our goal is to bring you the widest selection and finest quality of plant material available. We are also pleased to announce that we have partnered with Cambridge Pavers to supply you with a beautiful mix of "hardscape" supplies. We are the largest stocking yard of **Cambridge** products on the Delmarva Peninsula.

This catalog is a representation of most plant material available throughout our nursery; however it is not a complete list by far. As noted throughout the catalog if you are looking for a specific size or variety, please call our office, we will be more than happy to assist you.

We have geographically expanded our delivery area. We've also added an additional truck to our fleet that will accommodate the loading/off-loading of larger plant material and palletized pavers.

Our success depends largely on the success of every one of our customers. We encourage any and all suggestions that could improve any of our services. We wish everyone a prosperous and profitable year and look forward to serving you.

Thank you,
Plant Retrievers Wholesale Nursery, LLC
John Briggs, Mike Wick and Staff

TERMS & CONDITIONS OF SALE

Please read carefully

We value your business, and we want you to be satisfied in every way with the plants you receive from us. We welcome any comments you may have regarding our quality and service so that we may continue to improve upon them.

1. **Catalog Pricing** - supersedes all previously distributed price lists. Pricing is based on current market conditions and are subject to change without prior notice.
2. **Preferred Payment Type** – Cash or Company check, we also accept all major credit cards; VISA and MasterCard.
3. **Return Check Fee** - \$40.00 on all returned checks. No exceptions.
4. **Third-party or Post dated checks** - are not accepted.
5. **Special Orders** - A fifty percent (50%) non-refundable deposit is required on all special orders. Special orders must be picked up or delivered within 10 days of notification upon arrival to yard.
6. All sales are **FINAL**. No returns or exchanges. (Exceptions must be approved by management.)
7. **All Orders** - must be paid for, picked up or delivery scheduled within 10 days or material will be placed back into inventory for resale. There is a restocking fee of 15% for all orders not picked up.

We offer no warranty or guarantee. We accept no responsibility for the results secured in transplanting. Acceptance of our nursery stock at time of sale is considered proof of good health.

Cambridge Paver Calculations

Square Foot Calculations

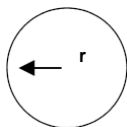

$L \times W = \text{Sq. Ft.}$

$\frac{1}{2} \text{ Base} \times h = \text{Sq. Ft.}$

$\pi r^2 = \text{Sq. Ft.}$

$\pi : 3.1416$

Basic Conversions

Cubic Measure: 27 cubic ft. = 1 cubic yd
 40 cubic ft. = 1 ton
 Volume: 1 cubic cm = .061 cubic ins.
 1 cubic in. = 16.39 cm
 Long Measure: 3 ft. = 1 yd.
 Square Measure: 9 sq. ft. = 1 sq. yd.

Approximate Weight Materials

1 cubic yd. 2A (Modified) → 3288 lbs
 1 cubic yd. 2B (Clean) → 2738 lbs
 1 cubic yd. Mason's Sand → 3100 lbs
 1 cubic yd. Concrete Sand → 3100 lbs
 1 cubic yd. Dry common soil → 2215 lbs

NOTE: 1 Ton = 2000 lbs

Handy Base Info

1000 lbs of sand will cover approx. 100 sq. ft. with a 1" depth.
 1000 lbs of 2A modified will cover approx. 100 sq. ft. with a 1" depth.

Base Calculation Formula

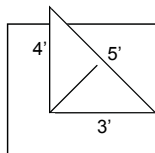

Square ft. x base thickness / 27 x 1.4 = Tons of materials

Value to enter for base thickness:

- 1" Sand
- 4" Base
- 6" Base
- 8" Base
- 10" Base

Using the 3-4-5 Method

Most smaller projects can be squared using a framing square or other small squares. When you are building a larger project you need a technique to make sure everything is square to the starting point. The beauty of this method is that you can use inches, feet, yards or any unit of measurement. This accom-

TIP: You can also modify the measurements by doubling or tripling each one, example:

Poly Sand EZ – Calculator

	Square Feet							
Poly Sand Approx. 65-100 sf/bag 1/4 joint or less	60	100	150	200	250	300	350	400
Poly Sand Approx. 20-45 sf/bag wide joint	1	2	4	5	6	7	10	12
